

Space Strategy Forum

Introduction:

- **Website:** <http://spaceforum.rice.edu>
- **Purpose:**
To begin a dialogue between interested parties in academia, industry and government exploring future joint partnerships with NASA JSC in related science, engineering, technology and education.
- **Focus:**
 - Fostering partnerships between academia, industry, NASA
 - Existing ideas: where do we have the impetus, expertise, purpose?
 - Implementation: how do we make these ideas work?

Space Strategy Forum
